

ON THE COAST.

Millionaire Thomas Bell Killed by a Fall.

Rain Falling Up North—The Grape Crop Suffering Damage.

Oakland Again Defeats San Francisco—No Game at San Jose.

A Meteor Alights on a Windmill in San Francisco and Explodes—Large Brick Plant Burned Near San Rafael.

By Telegram to The Times.

SAN FRANCISCO, Oct. 16.—Thomas Bell, the well-known capitalist and pioneer, last night, while leaning over the railing of the hall on the second story of his house, fell to the floor and received injuries from which he died today. He was prominent in financial circles throughout the State and had amassed great wealth. His housekeeper is Mamie Pleasant, a negro woman who achieved notoriety in the Sharon divorce case, and it was at the Bell mansion that she shielded Mrs. Sarah Althea Terry when the latter became insane.

Mr. Bell, while in a dazed condition, resulting from several weeks' sickness, arose from his bed and in attempting to go down a winding stairway lost his balance and fell to the floor fifteen feet below. The fall broke his right leg and caused concussion of the brain. Bell was a Scotchman, 78 years old, and started for California in 1849 by way of Mexico. He took a position with Baron Forbes & Co., owners of the New Alameda Quicksilver mines, and ever since has retained a connection with that firm, succeeding to the entire ownership of the house. He came to San Francisco in 1856. His wealth is estimated at between \$1,000,000 and \$2,000,000.

RAIN UP NORTH.

The Storm Accompanied by Heavy Thunder at San Francisco.

SAN FRANCISCO, Oct. 16.—[By the Associated Press.] Early this morning the severest thunder storm experienced here in several years commenced and continued until noon. Rain fell heavily and was accompanied by thunder and lightning. The thunder was remarkably loud for California and was the cause of general comment in the city today.

Rain also fell throughout the northern portion of the State and in the Sacramento Valley. Some damage to crops, particularly grapes, is reported. In San Francisco a new sewer burst, causing damage estimated at \$500. The Signal Service reports that during the late storm rain has fallen in Washington, Oregon, Northern California, Northern Nevada, Northern Utah and in Idaho. The rain was also quite heavy in the Sacramento Valley and along the coast north of San Francisco.

Rain has also fallen in the Salinas Valley, and threatening weather prevails in the Sacramento Valley as far south as Fresno. A sand storm from the northward was felt here at 4:10 p.m. Snow has fallen in the mountains east of Sacramento and north of Red Bluff.

Generally clear weather has prevailed in Southern California and Arizona, but with abnormally low temperature. It has been decidedly cool throughout Northern California, Arizona, Nevada, Utah, Idaho and Eastern Oregon.

The rainfall at San Francisco is .98 inch, at Sacramento .26, at Red Bluff .72, atureka .64.

NAPA, Oct. 16.—A heavy shower of rain fell here this morning. The damage to the grape crop, not more than half of which has been picked, will be heavy.

HOLISTON, Oct. 16.—It has been raining here at intervals all day. Fully three-quarters of an inch has already fallen, with good prospects of continuation.

MARICOPA, Oct. 16.—It commenced raining at 4 o'clock this morning and to the same hour this afternoon .60 had fallen, making for the season 1.10 inches. The storm seems to be over.

YUMA, Oct. 16.—A heavy shower of rain fell here this morning. The amount was nearly three-quarters of an inch.

ON THE DIAMOND.

Oakland Again Defeats San Francisco—No Game at San Jose.

SAN FRANCISCO, Oct. 16.—[By the Associated Press.] Early this morning the Oakland baseball team, who were in San Francisco today, the game being 11 to 3. The grounds were in very poor condition from heavy rains and the players could not keep on their feet. Well, Knell was hit so hard that Levy went in the box in the eighth inning, and he was hit harder than Knell. Base hits: Oakland, 10; San Francisco, 10. Errors: Oakland, 5; San Francisco, 10.

SAN JOSE, Oct. 16.—There was no baseball game today on account of rain.

FALL OF A METEOR.

It Shatters a Windmill in a Yard at San Francisco.

SAN FRANCISCO, Oct. 16.—[By the Associated Press.] At 4:20 this morning the family of Rev. W. W. Ferris, who occupy the Oakland mansion near Black Point, were awakened by a loud explosion, caused by a meteor striking the windmill. The meteor is described as appearing as large as a full moon, of pale silvery color on the edges and dark red in the center. A wing of the windmill was completely shattered. A piece of meteoric iron, large as a goose egg was found in the yard this morning.

A Brick Plant Burned Out.

SAN RAFAEL, Oct. 16.—This morning about 8 o'clock an alarm of fire was sounded at the works of the Patent Brick Company at Las Gullinas, about five miles from here. The employees of the company to the number of 200 responded with alacrity, but were unable to cope with the raging fire, which had started in the new plant of the company. The fire had gained such headway when the superintendent arrived that he was unable to take advantage of the fire apparatus in the neighborhood. The new plant, including engine, machinery and dry house, was totally destroyed. The loss is estimated at about \$80,000.

Almost Disemboweled.

SAN DIEGO, Oct. 16.—Thomas Weller, a deputy constable of this city, who was so severely injured by falling under an electric car when trying to board it, died this morning. He was almost disemboweled, but lived seventeen hours.

Arrested for Murder.

SAN FRANCISCO, Oct. 16.—Thomas J. P. Early, a waterfront saloon-keeper, was arrested today for the murder of

as a named Thomas Powers. Powers died Saturday from a fracture of the skull, and the police state that Early, during a drunken quarrel, struck Powers on the head with a bottle, fracturing his skull.

Done Up in One Round.

SACRAMENTO, Oct. 16.—Jerry Haley, a local featherweight, last night knocked out Tommy Gomez of San Jose in one round.

LOSSES EVERYWHERE.

Results of the Recent Great Storm in England.

LONDON, Oct. 16.—[By Cable and Associated Press.] Reports of damage by floods continue to come from different parts of Great Britain and Ireland. Many families in the district of Pontefract were compelled to take refuge in the upper stories of houses, from which they were afterwards rescued by boats. Dozens of houses were undermined by water and collapsed. Many mines are flooded. The loss of stock is great.

At Castleford sewers burst and the streets were flooded, becoming impassable. The Manchester and Sheffield Railway is covered with three feet of water.

In Yorkshire railway traffic is completely diverted from its usual channels. The damage to property is enormous.

Columbian Sabbath Observed.

CHICAGO, Oct. 16.—The Columbian Sabbath was generally observed in the churches today, a majority of local clergymen taking the life of Columbus as their theme.

Somehow Severe on Columbus.

NEW HAVEN (Conn.), Oct. 16.—Rev. Lee Mitchell preached a sensational sermon on Columbus today. He thanked God that Columbus is not the hero of the American people. America was discovered by the Puritans. If Columbus was a saint, he put up the first cheats on the natives. He loaded the first slave ship. The speaker protested against Columbus being held up to children as a hero.

Flow the Stars and Stripes.

BATAVIA (N. Y.), Oct. 16.—An Englishman named Williams put up an English flag as a tribute to Columbus day. His neighbors requested that he put an American flag with it or take it down. He refused and the people bombarded his house with Roman candles, burning the English flag. Williams then flew the Stars and Stripes.

All Out on a Strike.

GALVESTON (Tex.), Oct. 16.—Promptly at 7 o'clock this evening, almost every operator and station agent of the Gulf, Colorado and Santa Fe system struck. The cause of the strike is the refusal of the company to comply with the demand for \$60 monthly maximum pay, instead of \$50, with twelve hours to constitute a day's work.

The Rio Grande Strike.

DENVER (Colo.), Oct. 16.—The situation of the Rio Grande strike is unchanged, the second and third divisions being still tied up, with a prospect of the first division soon suffering the same fate. A committee of the strikers is conferring with the general superintendent and President Jeffreys tonight.

Flooded by a Waterpump.

SAN ANTONIO (Tex.), Oct. 16.—News reached here tonight that a waterpump occurred yesterday in Nueces county, submerging a large extent of territory to a depth of two feet. It rained for several miles around and the fall was the heaviest ever known in the section.

Five Battling Rounds.

CHICAGO, Oct. 16.—In a rattling mill on the west side this morning Dick Moore, a St. Paul middleweight, defeated Tim Crowley of Boston, after five furious rounds. The prize was \$800, while the gate receipts reached an equal amount.

An Official Arrested for Bribery.

NEW YORK, Oct. 16.—Francis C. Hewitt, city weigher in the custom house, was arrested and bailed in the sum of \$10,000 on a charge of having bribed ex-Assistant Weigher E. W. Simonds to make false returns of the weight of sugars.

The Murphy Movement Anniversary.

PITTSBURGH, Oct. 16.—The sixteenth anniversary of the Murphy temperance revival was celebrated tonight by a reunion of converts. Francis Murphy delivered a characteristic address in which he strongly indorsed the Keeley movement.

Killed by an Electric Car.

DEN MOINES (Iowa), Oct. 16.—This afternoon two boys, aged 9 and 4, sons of J. H. McNamara, this city, were run over by an electric car and instantly killed. The younger was decapitated and the other shockingly mutilated.

Monument to Humboldt Unveiled.

CHICAGO, Oct. 16.—A bronze monument to Alexander von Humboldt was unveiled in Humboldt Park today in the presence of 10,000 people. The monument is the gift of F. J. Dewes to the Germans of the city.

Ocean Steamer Arrivals.

HAVRE, Oct. 26.—Arrived: La Gasconne, from New York.

BOSTON, Oct. 16.—Arrived: Nessmore, from London.

NEW YORK, Oct. 16.—Arrived: La Bourgoigne, from Cherbourg.

Rolling Mills to Assign.

PHILADELPHIA, Oct. 16.—The stockholders of the Bristol rolling mills have decided to assign. Liabilities are \$110,000, assets \$70,000.

Death of a Judge.

LITCHFIELD (Conn.), Oct. 16.—E. W. Seymour, judge of the Connecticut Supreme Court, died today of acute brain fever.

Three thousand two hundred and four

acres subscribed to the cooperative sugar factory. That was the record up to last evening. Deeds to 1700 acres have been handed into the corporation, and now the work of putting the factory will begin. We will have the factory up and running in time for next season's beet crop. Our people are to be congratulated on the auspicious turn of affairs. [—Anaheim Gazette.]

COLONELS COME UP.

Robinson's Young Men Settled in Second Place.

The Angels and Oaks Open Up Here Wednesday Afternoon.

Cleveland and Boston Begin the World's Series Today.

How the National League Clubs Ended the Season—Southwest, de Wald Will Be Here This Week—Knell's Hard Luck.

California League Standing.

Los Angeles..... 50 36 23 610
Oakland..... 50 39 31 483
San Francisco..... 50 29 32 441

NATIONAL LEAGUE.

Cleveland..... 75 53 22 707
Boston..... 74 44 23 658
Brooklyn..... 74 43 31 571
Pittsburgh..... 74 43 34 553
Philadelphia..... 74 43 37 526
New York..... 74 40 37 519
Chicago..... 74 39 37 513
Cincinnati..... 74 37 38 493
Louisville..... 74 35 42 446
Baltimore..... 74 38 50 342
St. Louis..... 74 35 32 325
Washington..... 74 33 51 311

With the loss of the opportunity to win the second season's flag in a canter, The Colonels have no trouble in walking over the prostrate frames of the Dukes and Uncles from three to five weeks to pick the game in the California League, but it must be remembered that the Oaks, besides being sluggers, are nearly all right-hand hitters, and take kindly to a left-hand pitcher. It may be a different story when they go up against Glen-alvin's left-handers.

The National League season is ended and Cleveland takes the second flag, with Boston second and Brooklyn third. New York managed to get in the first place, but it was a narrow margin. The margin of half a game over Chicago, Cincinnati winding up in eighth place. In the first half the clubs wound up with Boston first, Brooklyn second, Philadelphia third, Cincinnati fourth, Cleveland fifth, Pittsburgh sixth, Washington seventh, Chicago eighth, St. Louis ninth, New York tenth, Louisville eleventh and Baltimore last.

Cleveland and Boston begin a series of five games this afternoon for the world's championship. It will be the most important series ever played in the history of baseball. The first three games will be played at Cleveland, and President Nick Young has ordered the city to be in the best of order to report in that city today for duty. It is likely that two umpires will be used in every game, one officiating the first half and the other the balance of the game, and Young himself will also witness every game, which will be a grand sight for the fans. The remainder will be played on the New York grounds, and the first club winning five games will be awarded the world's championship.

Philadelphia has a little better of it, but the Clevelanders are a lot of fighters who do not play for individual records, but who go into every contest determined to not give up until thoroughly beaten. It is in this quality which is looked to bring the national pennant West. Clarkson, Davies, Young and Cuddy will pitch for Cleveland, and Staley, Stivett and Nichols for Boston.

DIAMOND DEST.

Phil Knell will be a good drawing card in Los Angeles.

Danny Richardson leads all the short stops of the league in fielding, and is the only Washington player who leads in any position.

Transferring scheduled championship dates is an unusual experience for the Chicago club, which was once the mainstay of the league.

Bug Holiday is winding up the season in a halo of glory. He is bringing in runs and yielding his trusty stick in very effective style for Cincinnati.

Louisville has scored on Pfeffer and Pfeffer has scored on Louisville, so there is a strong probability that this player will be elsewhere next year.

Tom McAlleer, whose brother Jim has been doing such brilliant work for Cleveland, is one of the most enthusiastic and best-posted ball cranks in Los Angeles.

The Temple Street Baseball Club defeated the Stansberg nine in an interesting game Sunday, at the Temple street grounds by a score of 10 to 9. The battery for the victors were Sanchez and Fleishman, and for the losers Fred and Niese.

Van Hatten had been receiving \$3500 yearly in Baltimore and he is being paid by Pittsburgh at this rate for the remainder of the season, but next year he will draw but \$2600. Even that is pretty hefty for an outfielder.

The Cleveland club will make a little money this season, but not as much as it ought to have made, considering that it has given the city, for the first time in its baseball career, a champion baseball team. The team has done fairly well at home, but abroad the business has been very poor.

At Redondo yesterday the Tufts-Lyon Arms Company's team again distinguished themselves by adding another victory to their list in defeating the Redondo Club by a score of 19 to 10. Moore pitched a good game, while the playing of Taylor and Long in the infield was of the best. Tyler, who was pitched for the Redondo Club, was knocked out of the box. Base hits: Tufts-Lyon, 16; Redondo, 8.

THAT DECISION.

How It Is Received by the Politicians—Conflicting Opinions.

The politicians are considerably exercised over the Supreme Court decision declaring "straight" tickets illegal and doing away with the heading, except so far as they relate to Presidential electors. The decision has been the general topic of discussion ever since it became public and a number, in-

formal conferences have been held to consider its effect on politicians, as a rule, incline to the belief that the decision will help their side, or at least will not hurt them, for the reason that great care has been taken to properly instruct voters in the intricacies of the Australian ballot system, and in consequence Republicans, as a rule, are better posted than the Democrats, and while weak candidates may suffer to some extent, the general effect will be good. Other, however, do not take this view of the case and are of the opinion that the increased liability to make errors will have a bad effect.

Most of the Democrats are of the opinion that the decision will hurt their side, the only question being as to the probable extent. Their efforts in their voting schools have been mainly devoted to impressing on the voter the necessity of voting the "straight" Democratic ticket, which can be done by making one cross opposite the heading at the top of the ticket. The dangers of scratching have been dwelt on at great length, and the intimidated who are unable to read have been given object lessons to impress the Democratic head firmly on their minds. These lessons will now, of course, have to be unlearned, and when the managers contemplate the amount of work it took to get the principle firmly established, they are almost inclined to abandon the task. To turn a man of limited intelligence loose on a blank ticket with a little rubber stamp, is a serious matter, and there is no telling what he may do, and it is this fact that causes that tired feeling to come over the Democratic leaders when they think of that decision.

AN EARLY BLAZE.

Half a Dozen Small Structures Burned This Morning.

A row of small wooden buildings, occupied by a delivery store, grocery, boot and shoe shop and Chinese laundry, on the corner of Hill and Second streets, was destroyed by fire at 3:30 this morning and the adjoining buildings severely scorched.

The fire originated in the Chinese washhouse and had attained considerable headway before the frightened Celestials gave the alarm.

The lodging house kept by Mr. Rhodes, adjoining looked at one time as though it was doomed, but by prompt work was saved.

The entire row was completely wiped out, the loss will be small, as the buildings were about to be removed to make room for a large block.

A GREAT SEND OFF.

Departure of the San Francisco Drill Corps for the North.

Escorted to the Depot by a Large Crowd, and After Impromptu Speech Making, Were Sent Off With a Hurrah.

Train No. 20 north bound carried last night in addition to its regular quota of cars the two palatial sleepers of the Union League Drill Corps, en route for Visalia. All day yesterday the leaguers were busy viewing the sights which the city and surrounding suburbs afforded, in charge of the local Reception Committee, who spared no effort to make the visitors feel at home, and enjoy themselves to the fullest extent possible.

Capt. Koester and seven of his companions were obliged to take a regretful leave on the early afternoon train for San Francisco, owing to business calls, but the body of leaguers remained until evening. At 10 o'clock the bugle called them to ranks in front of the Westminster, where they went through a short drill, much to the delight and surprise of the citizens, who assembled along the curb to see them off.

Torches of different-colored lights were lighted, and with three cheers for the committee and hotel proprietor Johnson, at the word of command the leaguers marched away for the Arc-de-depot. A large crowd had assembled at the train to bid farewell and cheer the boys off. Lieut. St. John mounted a convenient box and calling for E. A. Meester, ordered the band to play the march "The Stars and Stripes." The corps got direct to Visalia, where they will give an exhibition drill, and then return without stop to the Bay City. Their visit will long be remembered by the citizens of Southern California, and by the Republicans in particular, for the service done to their cause and ticket.

The new find, he says, is far ahead of anything now known. Even the Nevada mine in Grass Valley, which has netted millions of dividends to its stockholders, never assayed ore at its highest of over \$20 per ton.

THE ELECTORAL COLLEGE.

Below will be found a table showing the electoral vote by States of the last three Presidential elections and the membership of the electoral college under the new apportionment:

The Pomotonic says John Scott of Duarte has sold twenty-eight boxes of lemons in San Francisco at \$8 per box.

RICH GOLD MINES.

Favorable Reports from the Yellow Pine District in Nevada.

Only a Railroad Needed to Develop the Country—What One of the Leading Mine Owners Says of the Prospects.

"That ore will assay \$30,000 to the ton," remarked C. O. Perry, a well-known San Francisco capitalist, last evening as he exhibited a specimen of brown iron ore from his new mine in the Yellow Pine district, Lincoln county, Nev., in a downtown hotel to a party of friends.

The district in which Mr. Perry's mine, the Keystone, is located, is one almost new to the mining world, but the stories of the brilliant prospects in that region have during the past month awakened visions of a new El Dorado, so rich is it reported to be in gold and silver, and in proof of which the assay of the insignificant-looking piece of ore exhibited by Mr. Perry seemed indisputable evidence.

The mine from which the stories of fabulous mineral wealth come, is situated about six miles east of the California line in Nevada, being eighty miles from the nearest railroad station on the Atlantic and Pacific route, at Ferner, Cal., in a district where little or no prospecting has been done until the past year.

There are now several claims being worked with encouraging results in the immediate vicinity, while further down in the Vanderbilt district, J. W. Mackay has located the Golden mine and its extension. The only drawback seemed to be the apparent need of a direct line of railroad to open up the country, and should such be built an impetus would be given generally to the development of the region and be of much benefit to Los Angeles, which naturally will be the point of supply.

Mr. Perry says that already he is purchasing from this city over \$1000 worth of groceries and other necessaries for his men in the mine.

The Keystone mine, which for the amount of work done, shows the largest and richest gold returns of any now in operation in this western country, was located in 1888 by James Taylor, but its true value never was known until last June, when Mr. Perry and others purchased the claim and began developments. The first shipment of ore, for which Mr. Perry exhibited the purchase certificate, came from the mine in the Yellow Pine district, and was valued at \$2500.

Mr. Perry and his associates took possession of the mine on August 15 last. Within six days from that date over \$15,000 worth of ore had been taken out. At the present time the greatest depth reached is not over fifty feet. The vein at this point does not show the quantity of ore that was found at the surface, but its fabulous richness is well maintained. The average of the vein is about \$260 per ton. The average width is about two and a half feet. There is considerable hope of a large quantity of ore being found at the surface, but its fabulous richness is well maintained. The average of the vein is about \$260 per ton. The average width is about two and a half feet. There is considerable hope of a large quantity of ore being found at the surface, but its fabulous richness is well maintained.

Average of shipping ore dump at upper surface working 2673 ounces gold, 357 ounces silver per ton, value \$574.44. Hard red hematite with small specks of pyrite, 1.125 ounces silver, 1.250 ounces silver per ton, value \$236.92. Soft iron oxide streak; 14 ounces value, 1850 ounces of gold, 4 ounces silver, value per ton, \$373.20. Silicious tuff, resembling molasses candy and by the miner called tuff, 18.10 ounces gold, 240 ounces silver, value per ton, \$363.82. Brown iron oxide, with talc, 112.40 ounces of gold, 12.60 ounces silver, value per ton, \$2258.08.

There are considerable bodies of ore, clay that will weigh from one to five pounds each, with brilliant green streaks through them, that assay as high as 1824.92 ounces in gold, \$21.54 ounces silver, value per ton, \$322.625. The highest assay so far attained was from a choice specimen of tuff, which carried 9320.37 ounces in gold, 401.63 ounces in silver; value per ton, \$186,728.70. The major part of the ore is soft iron oxide and is easily worked. No powder is required. One miner took out over \$16,000 worth of ore in six days with pick and shovel. The vein is a fissure following the line of contact between a dike of porphyry and the limestone. It strikes nearly north and south, and dips at an angle of about 50° westerly. The porphyry dike has a width of from 80 to 600 feet, and extends through the entire length of the chain, 1500 feet.

Mr. Perry says that the number of time when a railroad will be built into the rich region, but it cannot be built too soon. Then with a smelter located in Los Angeles he looks for an era of increased prosperity for this southern country.

The new find, he says, is far ahead of anything now known. Even the Nevada mine in Grass Valley, which has netted millions of dividends to its stockholders, never assayed ore at its highest of over \$20 per ton.

THE ELECTORAL COLLEGE.

streaks through them, that high as 1624.92 ounces; 221.58 ounces in silver; value \$32,625.66. The highest attained was from a choice sample, which carried 9820.33 gold, 401.63 ounces in silver per ton, \$186,728.70. A part of the ore is a soft iron

SPORTING NEWS.

The Silkwood-Our Dick Match Not Yet Arranged.

But Little Prospect of the Two Horses Again Meeting.

The Outlook for the Athletic Club's Field Day Very Encouraging.

An Attractive Programme Arranged for the Occasion—A Lively Cricket Match Between the Bachelors and Bachelorettes—Sporting Miscellany.

The much talked of match race between the Santa Ana stallion Silkwood and the Northern gelding Our Dick has not yet been arranged, in spite of the demands made for it by the dissatisfied admirers of the former after his defeat in this city during the fair week. This is certainly not the fault of Tom Keating, for that gentleman agreed, like the sportsman he is, to match his horse for a \$1500 purse, the race to take place within two weeks, on October 7 last, and offered further to bet \$1000 on the result, as soon as he heard that such a proposition had been suggested. The matter was placed before Mr. Willis next day, but instead of jumping at the proposal, as one would naturally suppose he would after making a match upon the subject, the owner of Silkwood refused to entertain it unless the race was paced at Santa Ana. In view of the feeling which had been exhibited by the residents of that section, Keating was not particularly anxious to take his horse into Orange county; but being assured of fair treatment, he overcame his scruples and discussed the terms of the match. Even then, however, Willis evinced no desire to meet his opponent half way, and talked about his horse not being in condition for thirty days at least. The result is that Keating and Our Dick have gone North to fill their engagements at the Breeders' Association meeting, and it is not probable that they will return, nor would it be fair to expect them to do so after their terms had been rejected. The whole matter resolves itself into the plain, unvarnished proposition that Willis will not make a match until his stallion is worked up to an invincible pitch, or, to use a slang but expressive phrase, "he wants a clutch," and Keating is smart enough to see through his scheme.

ATHLETIC CLUB'S FALL FIELD DAY.

The programme for the Los Angeles Athletic Club's fall field day, to be held on November 24, has just been issued and is attracting a good deal of attention among the local sprinters and cyclists already. Hitherto the club has invariably included a number of events in which none but the competitors themselves entered the slightest degree of interest, and much valuable time was thus wasted and the day's sport prolonged beyond the patience of its patrons. This time, however, the card will contain ten events, all of which promise to prove interesting. They are as follows: One hundred yards run (maiden), 100-yards run (open), 220-yards (handicap), and 440-yards run, pole vault, mile safety bicycle (maiden), mile safety bicycle (open), mile safety (2:35 class), half-mile safety (open), and two miles safety (handicap). As usual, the club will offer a special gold medal for the breaking of a Coast record, in addition to the valuable prizes offered for each event.

ENTRIES CLOSE ON SATURDAY, NOVEMBER 19.

A LIVELY CRICKET MATCH.

A match between picked teams of the Bachelors and Bachelorettes, of the Los Angeles Cricket Club, was played on Saturday afternoon last at the old Sixth Street Park, under the patronage of the club. Although time only allowed of one inning a side, the game was an interesting one throughout. Its principal features were the batting and bowling of W. H. Young, who, in the first innings, was largely instrumental in securing them the victory by forty runs.

THE FOLLOWING IS THE SCORE:

BACHELORS.	BACHELORETTES.
E. G. Woodhouse, b. McDonald.....	1
W. H. Young, c. Allen, b. Jones-Bateman.....	1

MAHER VS. GODDARD.

Dave Holland, who is backing Peter Maher, has informed the Coney Island Club that he will accept their offer of a purse of \$5000 for a fight between Goddard and Maher. Goddard says he wants a bigger purse, but if he is only looking for money Holland says he will accommodate him by betting a couple of thousand dollars on the outside. Should Goddard and Maher meet the club will hand up a purse for the winner and Jackson.

BILLY MADDEN, MANAGER FOR JOE GODDARD.

Billy Madden, manager for Joe Goddard, says that he will not pay any attention to the offer made by Dave Holland to back Peter Maher against the Australian, at least until all chance of effecting a match between Goddard and Jim Corbett is at an end. With good sound sense, however, he says that if Corbett does not accept the challenge of Goddard, who was first in the field with a deft support with a very deposit within a reasonable period, he will claim the championship for Joe, and according to the unwritten law of pugilism, which has been in existence since a championship was instituted, he will be justified by a precedent in doing so.

BRED TO BE THE PURPLE.

It will doubtless be of interest to horsemen to learn that one of the best bred horses in the State has been hidden in the comparatively obscure township of Glendora, in this county, for the past eighteen months on the range of Frank W. Thompson. The animal referred to is a Convent, a beautiful golden chestnut stallion, which was imported from England a few years ago. He is by Favonius, winner of the English Derby of 1871, out of Cracottene, and that he is indeed bred to the purple will be conceded at once after a glance at his pedigree, which contains such names as

Tuchstone, Birdcatcher, Vottgeur, Sweetmeat, King Tom, Parmesan and Trumpeter. This horse attracted considerable attention at the recent fair, when he was awarded a special premium, but few of those who noticed him were aware of his aristocratic lineage. His owner has a number of young studs by him, out of well-bred mares which are likely to be heard from next season. Rhodanthé, one of his fillies, out of Bruno, by Hyder Ali, was exhibited at the fair and justly received the blue ribbon in her class.

IT IS CURRENTLY REPORTED THAT D. T. PULFINGER WILL SELL HIS RACING STABLE.

For a long and retired from active interest in the turf.

The English Jockey Club has filled both its \$30,000 races to be run at Newmarket in 1893. Each received an entry of 192.

Tim Regan, the Eastern runner, has posted money for a match with E. G. McClelland at one mile for \$500, either in Pittsburgh or New York.

George Lavigne and Billy Murphy have been matched to fight for a purse of \$1500, out of which the California Athletic Club, some time during next month.

Every one, manufacturer as well as racing man, is experimenting with the elliptic sprocket. Zimmerman, Johnson and Manger, who have only three cracks to use it all the time.

Nancy Hanks, 2:04, and Martha Wilkes, 2:08, have been engaged to trot at Sedalia, Mo., October 26 and 27, representatives of the State fair having closed the engagement with Budd Debel.

"Freddie" Gebhard has decided to retire from the turf. Several of his horses were sold at auction on Saturday last and the balance, with the exception of Experiment, will be sold during the Morris Park meeting. The Billy Experiment Mr. Gebhard will send to his California ranch, to be used as a brood mare.

During this year six stallions have made race records in 2:18 or better, as follows: Lobasco 2:10 1/4 at 6 years in winning race; Ponce de Leon, 2:13 at 5 years in winning race; Alvin, 2:43 1/4 at 7 years in winning race; St. Vincent, 2:13 1/4 at 8 years in winning race; Kremlin, 2:13 1/4 at 5 years in winning race; Moquette, 2:10 1/4 at 4 years.

Billy Daly of the metropolis and Jim Burge, the Australian, have agreed to fight for a purse of \$2500 before the Pacific Athletic Club of San Francisco, the battle to take place at the rooms of said club during November. A match has also been arranged between the same club between Charley Turner of Stockton and Billy Williams of Denver for a \$1500 purse.

Nebraska has the fastest stallion race record, Lobasco, 2:10 1/4; the fastest two-year-old record, Odine, 2:16 1/4; the fastest two-year-old pacing record, Odine, 2:16; the fastest yearling record, Belle Acton, 2:22 1/4; the fastest two-year-old stallion that did stud record, Woodbine, 2:28; and the fastest three-year-old stallion raised east of California, Alvin, 2:13 1/4.

The record for swimming 100 yards was broken by J. H. Tyers of Manchester at the annual race for the amateur championship, which took place at the Century Street Bath, Leicester, England, on September 19. He won the final heat in 1:05 1/4, the previous best record for the distance being in 1:06 1/4, by Joey Nuttall. Tyers won by three yards, with W. Evans second, S. W. Gressley third and A. W. Burdard fourth.

F. M. Day of California has purchased the fine trotting stallion, Dictator Wilkes, for \$5000 from George A. Reed of Los Angeles. He is by Red Wilkes, his dam is by Dictator; second dam by Maudie, third by Windle, Harold, the sire of Maudie S. fourth by Mambrino Patchen. He has five crosses of Mambrino Patchen, four of Hambletonian. This is without doubt one of the most fashionable trotting stallions on the Coast. He is 2 years old.

The genuineness of the performances accredited to John S. Johnson, of Minneapolis, Minn., at the kite track in Independence, Iowa, recently, are generally admitted, now that it is known that the tamer were men familiar with watch-holding on the turf and otherwise reliable, that is his trials Johnson rode a bicycle fitted with the elliptical sprocket wheel, and that the sulky drawn by the running horse that paced him was fitted with a shield that reached practically down to the ground, thereby creating a partial vacuum, in which the cyclist rode, all hindrance from the wind being thus done away with. Riding in the same manner it is pretty certain that Johnson's record is reliable, that is his trials Johnson rode a bicycle fitted with the elliptical sprocket wheel, and that the sulky drawn by the running horse that paced him was fitted with a shield that reached practically down to the ground, thereby creating a partial vacuum, in which the cyclist rode, all hindrance from the wind being thus done away with. Riding in the same manner it is pretty certain that Johnson's record is reliable, that is his trials Johnson rode a bicycle fitted with the elliptical sprocket wheel, and that the sulky drawn by the running horse that paced him was fitted with a shield that reached practically down to the ground, thereby creating a partial vacuum, in which the cyclist rode, all hindrance from the wind being thus done away with.

With Dr. Pierce's Favorite Prescription, she's a different woman. And it's a change that can be seen as well as felt. The system is invigorated, the blood enriched, digestion improved, melancholy and nervousness dispelled.

With the "Favorite Prescription," all the proper functions are restored to healthy action. Periodical pains, weak back, bearing-down sensations, nervous prostration, all "female complaints" are cured by it. It's the only medicine for women's weaknesses and ailments that's guaranteed to do what is claimed for it. If it doesn't give satisfaction, in every case where it's recommended, the money is returned.

Can something else offered by the dealer, though it may pay him better, be "just as good"?

Dr. E. C. West's Nerve and Brain Tonic, a specific for Hysteria, Dizziness, Fits, Neuralgia, Headache, Nervous Prostration, caused by alcohol or tobacco, Wakefulness, Mental Depression, Softening of Brain, Causation, malarial fever, etc. Premature old age, Barrenness, Loss of Power in either sex, Impotency, Leucorrhoea, and Spermatorrhoea caused by over-exertion of the brain, or by alcohol or tobacco. Each bottle contains six bottles to cure. Each order for six bottles will be sent by mail. We guarantee a full bottle to cure. Each order for six bottles will be sent by mail. Great Reductions in Rates.

Hotel del Coronado.

America's Peerless Seaside Resort.

As a summer resort it is without a rival. Its glorious climate, superior bathing facilities, with its many other sports and amusements combined with every home comfort, make this hotel in all respects pre-eminent.

Under a glass roof, are the finest and most elegant in California, having large, airy, and comfortable rooms, every convenience and constant streams of hot and cold water flowing into the tanks. These baths are very strengthening.

On a splendid, hard, sandy beach, with regular breakers, water ten degrees warmer than at Santa Cruz and no undertow.

Spanish Messengers fishing boats, unpurposed for the coast. Tourists should remember that the Hotel del Coronado is open all the year, and that the winter winter resorts close instead of going north to find the most delightful weather and every attraction at Coronado.

ROUND-TRIP TICKETS From Los Angeles, Pasadena, Pomona, San Bernardino, Colton, Riverside, Redlands, Orange, Anaheim and Santa Ana, all \$2.00, including one week's board in \$1.00 or \$1.50 room. Privilege longer stay at \$1.00 per day. T. D. YEOMANS, Agent, Los Angeles, 129 N. Spring St. Tickets for sale at Santa Fe depot, 129 N. Spring St. For first-class Depot; at all other points, Local R. R. Agents.

Pacific Mail Steamship Company, San Francisco and Panama. Tourists can go east via San Francisco or Panama.

E. S. BARCOCK, Manager Hotel del Coronado.

SUPREME COURT.

A Heavy Day's Work Laid Out for Both Departments.

Both departments of the Supreme Court will be in session again today, and it is very probable that the calendar will not be disposed of for at least ten days, as little or no curialment has been made so far, and the heaviest work is yet to come. In Department One today seven criminal cases will be disposed of. Two of these are from Stanislaus county, two from San Diego county, and one each from Colusa, Sacramento and Los Angeles counties. In Department Two seven San Diego county cases are set, and Tuesday will be devoted almost entirely to cases from that county in both departments. Wednesday will be San Bernardino county day, while the rest of the session will be devoted to this county.

Today's Calendar. SUPREME COURT. DEPARTMENT ONE—Justices Patterson, Harrison and Garretts. People etc. (respondent) vs. Benoit (appellant).

People etc. (respondent) vs. Fagan (appellant). People etc. (respondent) vs. Steward (appellant). People etc. (respondent) vs. Gardner (appellant).

People etc. (respondent) vs. Gillis (appellant). People etc. (respondent) vs. Davis (appellant). DEPARTMENT TWO—Justices McFarland, Sharp, and DeLoane.

Klauber et al. (respondents) vs. Vigneron (appellant). Brown (respondent) vs. Jenks (appellant).

Powers (respondent) vs. McDowell (appellant). Story & Isham Commercial Company (appellant) vs. Story et al. (respondents).

Clant Powder Company (respondent) vs. San Diego Flume Company (appellant). Dougherty, administrator, et al. (respondents) vs. Clant Powder Company (appellant).

Requedy (respondent) vs. Miller (appellant). Klauer et al. (respondents) vs. Vigneron (appellant).

Brown (respondent) vs. Jenks (appellant). Powers (respondent) vs. McDowell (appellant).

Story & Isham Commercial Company (appellant) vs. Story et al. (respondents).

PASADENA.

Closing Day of the Y. M. C. A. State Convention.

Additional Facts Relating to Miss Webb's Sad Death—The Dog Poisoner at Work.

The annual State Convention of the Y. M. C. A. closed yesterday after a successful five days' session.

A special service for delegates and workers was held at 9 o'clock. At 11 o'clock the pulpit of the various churches of town were filled by the delegates as follows:

Presbyterian—H. J. McCoy, J. W. Northrup of San Francisco.
Methodist—W. C. Case, D. D. San Francisco; Giles Kellogg, San Jose.
First Congregational—Isaiah Bray, Oakland, H. E. Bann, Stockton.
Baptist—Irving S. Watson, Oakland; C. W. Jones, Santa Cruz.
Christian—Moses Hesketh, Riverside.
Friends—E. S. Boyne, San Francisco.
E. B. Emme, University Southern California, Los Angeles.
Episcopal—C. L. Gale, International Secretary, Denver; A. P. Chilton, San Francisco.
Universalist—J. L. Spence, Sacramento.
H. Hillard, Berkeley.
German Methodist Episcopal—F. W. Godfring, San Francisco; John Shuck, Sacramento.
North Pasadena Methodist Episcopal—E. S. Libby, Redlands; Hiram W. Cummings, University Southern California.
Free Methodist—H. E. Bann, Stockton; Rev. H. D. Knickerbocker, San Bernardino.
North Pasadena Congregational—John McGarrig, San Diego; A. L. Shively, Ventura.
African Methodist Episcopal Church, North Fair Oaks avenue.
Two delegates to the convention in the morning, namely, C. D. Boyd and E. S. Gullen of San Diego.

At 2:30 o'clock an open air meeting was held in front of the San Gabriel Valley Bank, which was led by Dr. French of San Francisco. Several hundred people were attracted to the spot, almost blocking up Colorado street. At 3 o'clock the speakers later three mass meetings were held, one at the Tabernacle for men only, led by General Secretary McCoy of San Francisco, and addressed by R. V. Watt of San Francisco, and Isaiah Bray and I. S. Watson of Oakland. The second meeting was for boys only, and was held at the Tabernacle, while a third meeting for ladies only was held at the Presbyterian Church.

In the evening the churches held a union service at the Tabernacle. The speaker said a man had told him a few days ago that the local association had made a mistake when it started to build a house of its own and then gave up the job. Mr. McCoy then asked any person present who had never made a mistake. No one did so. He then urged his hearers to build a house of their own, which was a suitable one to minister who had a carbuncle on the back of his neck. "Forget the things that are behind," he said. "The things that are behind are behind." The meeting was one of the most interesting ever held in Pasadena.

MANY FRIENDS WILL MOURN HER LOSS. Saturday evening the body of Miss Webb, who committed suicide at the northeast corner of the city, was brought to her home in this place. News of the sad event was a terrible shock to her many friends here.

In conversation yesterday with an intimate friend of the family, the reporter learned that the true facts of the case have not before appeared in print. The deceased was about 35 years of age, and until about two weeks ago resided on East Walnut street with her parents, who were unmarried. About a month ago she received news of the failure of an Eastern bank and the consequent loss of a considerable sum of money. While the affair caused her much worry and anxiety, she was too brave a woman to succumb to such misfortune. Feeling dependent on her father's resources, she secured a position in the public schools at Whittier, and during her short stay there made many friends.

The real cause of the suicide was not worry over her financial troubles, but a sudden illness that manifested itself Friday in an epileptic fit while she was engaged in her school. From that time on she was in the early the next morning when she committed the fatal deed, the attending physician states that she was in the prime of her health, and such was the nature of her ailment that she had made no attempt upon her life she would soon have become hopelessly insane.

Miss Webb had not that sort of a character that would prompt her to such a deed. In Pasadena she was beloved by a large circle of friends. In church work she was particularly active, especially in the young people's societies of the First Presbyterian Church. Her life was one of unbroken purity and possessed of a sterling Christian character that drew to her the respect and admiration of all who knew her. Her sad and sudden taking off will be generally deplored.

The funeral will take place at 5 o'clock this afternoon from her late residence.

Trains began running yesterday from the new Terminal station, corner of Pasadena avenue. The new structure presents quite an attractive appearance, due in a large measure to the excellent taste displayed by the painter. The interior is light and airy, the platform, roof and supports are painted a solid color of deep red, with black trimmings.

The interior is not elaborate, but is conveniently arranged and will doubtless prove well adapted to handle the local passenger and freight business. The main waiting-room occupies the entire south side of the building with an entrance door at the east and the west ends. The ladies' waiting-room is located at the northeast corner of the building. It is provided with a separate entrance door, while a second door opens into the main waiting-room. The ticket office is at the northeast corner. There are two ticket windows, one opening on the platform and the other on the waiting-room. There is an abundance of platform spread out on all sides of the building. That leading to the tracks is roofed over.

In running order everybody will be happy. Numerous absent-minded people stopped at the old station as usual yesterday and then had barely time to catch the train at the new starting point.

PASADENA BRITISH.

Most of the Y. M. C. A. delegates will return home today.

Co. B will hold a regular weekly drill at the night tonight.

The City Council will meet in regular session at 2 o'clock this afternoon.

A party of a dozen or more Los Angeles cyclists passed through town yesterday afternoon.

Frank Pfaffinger of Los Angeles, who occupies a responsible position at THE TIMES office, paid Pasadena a visit yesterday afternoon.

A crowd of Los Angeles newboys, all out for a lark, bore down on Pasadena yesterday and created devastation in the "virtual supply at Pet's-Stell's" before taking their departure.

Dr. T. D. Wood of Stanford University will address the teachers of the city at 4 o'clock this afternoon at the Wilson school building, on the subject of "Health and School Hygiene." All persons interested are invited.

Friday's after dark company, that will appear at the opera-house Saturday night, the Lynchburg News says: "A splendid audience was present at the opera-house last night. The production here for the second time of Dion Boucicault's drama, 'After Dark.' The scenery and scenic effects are very fine and the acting throughout was greatly enjoyed."

"Brownie," Pete Stell's well-known dog, died, a victim of the dog poisoner. Brownie swallowed the fatal dose on South Fair Oaks avenue Saturday evening and died a few minutes later. He was a general pet and was anything but a meddlesome or vicious animal. He was willing to pay \$25 for any information that will lead to the identity of the scoundrel who did the cowardly act.

VENTURA COUNTY.

Failure of a Grocery Firm—News Notes.

J. C. Davis, a grocer doing business in Ventura, has filed his petition in insolvency. He places the value of his property at \$4400, and his liabilities at \$6187, the most of which is in the shape of notes. A note for \$200, issued by A. J. Day, P. G. Grout and B. W. Dudley is the largest amount, and these people have bought the stock to protect themselves.

The funeral of Mrs. Oliver Taylor occurred Saturday. She died at her home in the Simi Thursday.

The Conejo Valley possesses many fine dairy ranches, and the product is sold to both Los Angeles and San Francisco.

A fine ball will be given Thanksgiving by the Santa Paula Knights of Pythias.

W. E. Shepherd, the Democratic nominee for State Senator, will put in this week in Santa Barbara county.

John Casner was kicked at Santa Paula a few days ago by a vicious horse, and besides other injuries, had an arm broken.

The Santa Paula postoffice is to be greatly improved. One hundred and eighty new boxes will be added.

E. M. Swan, the man arrested in Los Angeles for obtaining money under false pretenses from the Warren of Huene, is serving a sentence of 150 days in jail.

At the annual election of officers of the Union Oil Company of Santa Paula, held at the home of J. H. Hart, the following officers were elected: President, W. L. Hartson, treasurer, I. H. Warring, assistant general manager and secretary, and John Irving, superintendent.

The cargo of the Cosmopolis, which sailed from Huene a few days ago, amounted to \$15,000.

Ramon Ortega, a Mexican bear hunter of note in this country, killed a brown bear a few miles from Ventura the other day that weighed some 1000 pounds. He used only his hands to do it with and choked his bearship.

Thomas Hutching, a painter, 50 years of age, died in the county hospital Friday of cancer of the stomach.

The Presbyterian Church at Huene, which was dedicated last Sunday. It starts free of debt, the \$5000 which the building and lot cost having been taken up.

Art Greenwell and Miss Daisy Merry were married at Huene Saturday afternoon.

The farmers are having fine weather to thresh the grain crop and since the rains they are making fine progress. The estimate of 1000 carloads seems to be very close to the yield.

POMONA.

Another Democratic Demonstration—The Profit of Fruits.

The Democrats held another demonstration in this city Saturday night. The principal speaker was George S. Patton, who succeeded in making "four friends, the enemy's best friend," as he said. The boys got up the most enthusiasm of any previous meeting. Several of the candidates for the county offices addressed the meeting. One prominent Democrat remarked to the reporter when he was leaving the hall: "We are so much in the mood of the people here that we have had for the last twenty-five years have had just before the election, and we want to have a good time while we are here."

A sample of what ten acres of deciduous fruits in Pomona has been worth this year. The fruit crop of the Pomona orchards is worth about \$100,000. It may be here stated that this year and part of his ranch is not irrigated at all. He has about 75,000 pounds of fruit. He dried the crop and got 48,000 pounds of fruit that he sold green for \$40 a ton. His receipts from the peach crop were \$10,000 or \$12,000. The three acres of prunes have been dried and sold at 9 cents per pound. He received from the prune crop \$11,000. The ten acres have yielded \$21,000 for the year. The net profits from the same property are \$2730, or \$273 an acre. Mr. Hoops says he has never had so much money in the East of 150 or 200 much in one year as his ten acres, and he does not have to work hard either. His orchard will be 7 years old and has borne a good crop for three years.

J. L. Murphy, who was chairman of the last Republican convention in Los Angeles, will address a party at the Artillery Opera-house tomorrow night. Other speakers will be present and the Republicans of Pomona have a good time while we are here.

SAN BERNARDINO COUNTY.

Result of the Baby Show on the Closing Day of the Fair.

Names of the Infantile Prize Winners—The Wheelmen's New Executive Committee—Preparations for the Columbus Celebration.

The afternoon of the closing day of the fair had for its chief attraction the baby show, in which there were many entries.

The stage was specially arranged to display the little ones, and the chairs in the audience room were filled with inquisitive strangers and admiring friends. Some difficulty was experienced in getting judges, as each one feared that to act meant to incur the everlasting enmity of the mother of all those little ones not receiving a first prize, but that was the lot of the original appointees who failed to materialize.

The first crib contained babies heretofore exhibited at a fair of this association. Annie Ecker received the first prize, a silver medal, and LeRoy Robinson second prize, a bronze medal.

In the second crib were twins exhibited by LeRoy and LeRoy Simms of Riverside received first, and James and Bessie Cook second.

In the third crib were the yearlings. Katherine Mortimer, fourth, Mary Margaret Alice Bennett, fifth; Agnes Mary Welch, sixth; Baby Crane, seventh; William Arthur Birch, eighth; Raymond R. Crawford, ninth; and LeRoy and LeRoy Robinson, tenth.

In the fourth crib were babies under one year old. Arthur Irwin was awarded first prize; Grace A. Jowett, second; Gilbert Hawtry, third; and LeRoy and LeRoy Robinson, fourth.

In the fifth crib were babies under two years old never before exhibited. There was but one entry, George H. and Cyrus F. Waters, awarded first prize. Arend's Orchestra, rendered a selection prepared especially for the occasion, entitled "Baby Polka," introducing babies' cries and the noise of their various playthings, the lullaby and the spanking.

The exhibition was closed with an excellent musical programme by Arend's Orchestra, which rendered a selection, though not large nor varied, were of excellent quality. The exhibits of honey, canned fruits, preserves and jelly for the World's Fair were exceptionally fine. But the attendance was poor most of the week, both days of the fair.

The association came out in a financial hole. This is unfortunate, as extra efforts were made to secure fine attractions, especially in the line of horticulture, which seems to be going out of fashion here.

SAN BERNARDINO BRITISH.

The Populists held forth in this city on Saturday evening at the opera-house. The house was crowded to hear J. P. Osborne of Oakland, speak.

"Life Larger Than the Creed," was the subject of the sermon by Rev. A. J. Wells at Davis Hall, yesterday. The Rev. Mr. Wells, who is a member of the Los Angeles Hebrew Sunday-school, was organized before the church service, to meet each Sunday at 10 o'clock.

RIVERSIDE.

The new Executive Committee of the Riverside, which consisted of J. A. Simms, Myron Miller, John Bigelow, J. C. Cowan and Ben C. Jordan. The Finance Committee is J. A. Simms, Myron Miller and W. K. Cowan. It was decided that the club should have a ticket favoring the division of the league giving one division to Southern California. The Century run will be between this place and Pomona.

The Riverside Raisin-growers' Protective Union held a meeting on Saturday afternoon and rented the packing-house of Frank B. de Vin for the purpose of raising and engaged Mr. de Vin to pack them for the union. It was agreed that no Chinese labor should be employed in the packing-house. The union will be between this place and Pomona.

this week to look after property he has there.

L. N. Stuart is visiting at Monterey, Mexico. W. C. Butler expects to leave today or tomorrow for that place. Francisco.

Asst. Adjt.-Gen. L. M. Butler and wife are the guests of Capt. and Mrs. Truman Reeves, at Crafon.

Five car loads of dried fruit, consigned to the Santa Fe, were shipped by the Santa Fe one day last week.

B. N. Rowe, who came here recently from Los Angeles, has his house on Tenth street at the corner of Third and Tenth.

A \$1400-back is what David Chambers has purchased for use in transporting arrivals from the depot to any part of the city.

Dr. Lockwood has purchased of Fred Grifing his house and lot on Fourth street for \$1500. Mr. Grifing goes to Chicago for the winter.

All those school children who had not been vaccinated before were vaccinated this fall by direction of the school trustees. Dr. Abert did the work, and it was completed last week, a total of 129 receiving the vaccine virus.

On Friday evening a Rebekah degree lodge, I.O.O.F., was instituted with thirty-three members. They were visiting judges from Ontario, Riverside and San Bernardino. A banquet at the Baker Hotel.

H. H. Daniels has sold to an Eastern gentleman, through T. H. Sharpless, 12 acres of West Redlands property for \$8000. The property consists of three acres of irrigated land, and the balance is in the shape of a two-year-old budding orange trees.

SANTA BARBARA COUNTY.

Impressive Exercises at the Catholic Church in Honor of Columbus.

Several hundred invitations to attend the celebration of the discovery of America by Columbus, under the auspices of the Santa Barbara Historical Archconfraternity of the Sacred Heart, were sent out during the latter part of the week.

The exercises began at the Parochial Church by the celebration of high mass in the morning, followed by a sermon by the Rev. Father John J. O'Connell, who presided over the world in a political, religious and scientific sense of the discovery of America by Columbus. The exercises were grand and impressive.

The Catholic authorities, it seems, decreed that while some celebrated the 12th and others the 14th, according to the new style, yet in order to have a religious festival, Sunday, the 16th, was made the day in which Catholics all over the world should observe the day.

The different societies formed at their respective places of meeting and marched to the church on State street at 2 o'clock. From there they proceeded to the opera-house, where the principal exercises took place.

In the procession were 300 little girls under the Sisters of Mercy, all dressed in white. The Society of the Y.M.I., about 100, and the Santa Barbara Historical Archconfraternity, about 100, the "Junta Patria," and a number of other societies, all took part in the procession. In the front were Col. J. J. Ayres, editor of the Los Angeles Herald, Father James, Superior Judge Walter R. H. Ayres, and other prominent citizens.

The procession was a grand one, and the exercises were of a high order. The principal exercises took place at the opera-house, where the principal exercises took place.

ORANGE COUNTY.

Enthusiastic Meeting to Talk Up a Beet-sugar Factory.

Music for the Columbian celebration will be practiced tomorrow evening in the parlors of the Hotel Palmyra.

Charles E. Torrey of Boston is visiting his wife's parents, Mr. and Mrs. W. P. Patne.

The Young People's Society of Christian Endeavor gave a very pleasant musical and literary entertainment at the Bank Hall Saturday night, which was largely attended.

The Republicans of Orange have organized a Republican club, with C. J. Davidson as president and Henry Lewis secretary. Elaborate preparations are being made here for the Columbian celebration. The school children are all on the alert and are anxious for the day to arrive. The first Tustin boys' brigade, together with many old veterans from the North and South, will participate in the festivities of the day.

HOLLYWOOD. Our little town has had a steady, substantial growth the past summer. The fruit crop has been fine and has netted a good profit to growers.

Rev. Dr. Read recently bought from Mrs. Wilcox three acres, partly set to lemons, for the sum of \$2000. The doctor will build.

John Watts has a patch of blackberries on the boulevard and has just finished a pretty seven-room cottage.

Mr. Squires has a neat cottage nearly finished. His factory is in the process of being built. Thomas Griffith has a cottage enclosed on Cahuenga avenue.

Rev. Dr. Davidson last week seven boxes of fine lemons from his young trees for \$9.50 per box.

Mr. and Mrs. Connell and Mrs. Harbitt with the children are spending some weeks in Hollywood.

Mr. and Mrs. H. M. Sale from the city spent a day last week with friends.

Mr. Watts has a patch of blackberries loaded with blossoms and green fruit.

Peas, lettuce and radishes are up in the gardens and looking fine. Tomatoes are taking a new start for winter. We have no frost here.

city this week to look after the agency here.

T. H. Duan, agent for the Burlington in Los Angeles, went to San Francisco Saturday, accompanied by his wife.

Clair L. Montgomery, secretary and treasurer of the Maricopa and Phoenix Railroad, in Arizona, is visiting in the city.

F. E. Shearer, manager of the excursions which run over the Central and Union Pacific routes, has been visiting Southern California, chaperoned by G. Fred Herr, passenger agent for that company here. It is stated that Mr. Shearer will have his excursion conductors start from Los Angeles instead of San Francisco.

Malaria

Malaria and chills and fever are due to the inhalation of watery vapors and gases arising from decaying vegetation. The humid Spring and Autumn months find it the worst. It infects both city and country. The victim is continually tired, and worn out, has no energy, is subject to aches and pains in the back and limbs, and is perspiring one moment and cold the next. Joy's Vegetable Sarsaparilla is more effective in this trouble than all the potent Sarsaparillas put together, for the plain reason that it has stimulating properties and a perfect bowel regulating action not found in the others, and yet that are absolute necessities in the cure of this ill. J. V. S. soon regulates it out of the system.

"I had a bad case of malaria. I seemed unable to check it and being over seventy years old, was very uneasy. Finally, I tried J. V. S. It cured me and I am now hearty as before."

M. R. BENNETT, Newcastle, Cal.

JOY'S Vegetable Sarsaparilla

Insist on Joy's Most Modern. Most Effective. Yet same price. It is the only bowel regulating Sarsaparilla.

ON OCTOBER 17, 1849, Frederic Chopin, the illustrious composer and pianist, died in Paris.

He was born near Warsaw, in 1810, and was one of unhappy Poland's greatest sons. Frail, sickly, and not precocious, he began the study of the piano when nine years old and subsequently settled in Paris, which was to be the scene of his greatest triumphs, and death after nine years of ill-health.

The Council will meet at the regular hour this morning.

The city is rapidly filling up, and rental agents report an increased inquiry for desirable residence property.

There are undelivered telegrams at the Western Union telegraph office for Mrs. R. Stenz, E. M. Hand and H. A. Palmer.

The lively stables enjoyed quite a rush yesterday as a result of visiting sightseers, and it was almost impossible to get a rig during the afternoon.

The present week promises to be a busy one with the politicians. Meetings have been arranged for every night, and everybody will be on the go.

A Los Angeles florist has just filled an order for 15,000 cut chrysanthemums and shipped them to Omaha, where they will be used at a wedding.

A fair crowd attended the concert at Westlake Park yesterday afternoon, but the people did not turn out in such numbers as they would had the weather been warmer.

It is probable that during the month work will be commenced on two or more large business blocks, as plans have already been prepared, and the property-owners have been looking around for estimates on the work.

The movement for cutting through the first street hill has been revived, and several interested property-owners are taking an active part in working it up. It is probable that some plan will be carried out in the near future by which this important improvement can be proceeded with.

The attention of the health authorities is again called to the case of John Chinatown. The City Attorney states that the owners of the property can be arrested for maintaining nuisances on the premises, and if the frightful cesspools are not removed, complaints will probably be sworn out against them.

During the Republican parade Saturday evening a lot of men and boys climbed on the board fence in front of the bank building, and that is being torn down at the corner of Spring and Third streets. Scores of men and children were standing against the fence, when it suddenly fell into the street and hundreds of spectators caught their breath as it seemed certain some one would be crushed, but luckily all escaped. The electric cars were detained for some minutes until the street could be cleared.

PERSONALS.

H. B. Keeler, the San Diego railroad man, is at the Nadeau.

J. A. Barham of Santa Rosa and G. H. Cooper of Boston are at the Nadeau.

Wells Henderson left yesterday for Phoenix, Ariz., on important legal matters and will be absent about three weeks.

What we arduously believe to have been the largest muskmelon ever grown in the world was exhibited at Bakersfield the other day. It measured 43 inches in circumference one way and 58 inches the other way, and turned the scales at a good fifty pounds. The largest muskmelon produced in the competition of our Eastern seedhouse a few years ago weighed thirty-five pounds, and was grown in California. It is not believed that the equal of this fifty-pound melon of Kern county has ever been seen. If it has, we should be glad to hear of it. In the meantime we claim the championship for the Kern delta. —Ex.

BETWEEN disease and the many cheap preparations which are palmed off under the name of blood purifiers, take your chances with disease, until you can procure Ayer's Sarsaparilla—the only reliable blood purifier. Sold by all druggists and dealers in medicine.

CREAM PAINT Self-Raising Flour.

MONDAY'S MESSENGER!

Marvelous and Matchless.

MARK THE MAGIC PRICES

MUTUAL are the benefits that arise when merchants have a care for their patrons. Much good can be done on both sides. The values can be offered that are beneficial to the one, and good will and patronage can be shown by the other. We are ever on the alert to place wares down to the lowest level of value—this probably accounts for our immense patronage and magnitude of our store space—three times larger than any other—most likely three times more goods are being sold, and surely lower prices; more accommodation and better system than elsewhere. Extensive improvements are constantly in progress. Our store now reaches to Franklin st. at the rear. More room is the constant cry; more goods are being sold; more patrons are coming to us. Of this we are certain.

OUR OCTOBER OUSTING.

Dress Goods Dept.

A promenade through our main aisle where our Foreign Dress Goods Department is will bring to view the largest stock by double of any in this city. This means more selection, greater variety. This department is fast becoming the leading one in our establishment, and it's not to be wondered at when such an array of value and worth is spread before you.
